

Dear Boorman Ward Resident and Ratepayer,

Family and community have always been a major part of my life and I am deeply committed to both. My family and I have called Mitcham and Brownhill Creek home for over five generations and I am motivated to preserve and improve the standard of living and lifestyle that we enjoy in Boorman Ward.

Married with four sons, my life has been characterised by hard work, a practical approach and service. I have worked in the mining industry, completed a journalism degree, worked as a market gardener with my dad and grandpa in Brownhill Creek and currently work in the building industry as a self employed fencing contractor. I served as an honorary pastor for sixteen years, was involved in volunteer youth programs and have undertaken charitable works throughout Australia and the Pacific.

I believe that my life experience gives me the confidence and empathy to actively represent the people of Boorman Ward.

A handwritten signature in blue ink, appearing to read 'Andrew Tilley'.
