Dear Ron,

I write to congratulate you for being named one of the inaugural winners of South Australia's Pelzer Prizes.

This partnership between Green Adelaide and *The Advertiser* recognises people who are quietly yet passionately committed to our natural environment. These awards honour those who roll up their sleeves and get their hands dirty to deliver long-term, practical outcomes for our environment.

I greatly enjoyed being able to attend this year's awards ceremony to hear you and your fellow winners share your stories, ideas and future plans.

My Government has put a thriving, healthy natural environment at the heart of our business. We have increased our investment in environmental initiatives, and we are focusing on practical projects that make a real difference in our State. We are also driving an ambitious and world leading climate change agenda, and putting volunteer support at the centre of this work.

Once again, congratulations on your well-deserved award and thank you for helping to make a real difference to the vitality of South Australia's natural environment.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Steven Marshall'.
